SUNDAY PASTIMES. - The present geogration or the bulk of it-spend the Sabbath day in a different manner to that in which their progenitors were wont. The Eunday excursions and other modes of an dements have been the means of easting to the moles and hats and rendering obsolete amusements very popular at one time, though those now indu ged in, from a spiritual standpoint, are just as questionable, notwith-standing they appear in a more respectable garb. language. It is said that many years ago there could generally be seen on Sunday mornings in the lane leading to the burying grounds scores of young people of marculine gender engaged in the stsorbing occupation of pitching cents, while others stood by with chicken cocks under their ing the revolutions of the antiquated cumbrans pennies as they took their upward course from the hands of the tosser. These performate is, at this spot at least, were succeeded by others requiring more bedily exertion, and the next generation were found spending most of their suntime as 'round cat'-a game somewhat resemb-ing modern base ball. This diversion finally times when with an old leather coveres red as a fox's tail from rough treatment, with a bog's bladder therein occased and a pipe stem inserted Sunday recreations from that exemplified in their antecedents, the witnessing of a quiet cent tossing match engaged in by some youngsters near the Pioneer Mills yesterday afternoon, brought old scenes to mind, and speculations as to whether or not this propensity would again become popular.

IMPROVEMENT IN EUSINESS .- The improve ment in business on Union street and around the wharves has been noticeable for semetime past, and an old time busy scene now presents of the busy seems now presents fully and heartily commend Hop Bitters for the itself to these who visit that portion of the city. On Friday thirty car loads of grain arrived to the merchants on the wharf, and every cart and will not be without them."—New York Baptist dray in the city was in use, and large gangs of laborers were employed, either in loading or unloading cars and vessels. On Saturday anothor large train of cars, loaded with grain, arrived. The Baltimore Business Directory of 1881, speaking of the grain trade, says: "Baltimore has lost the handling of much grain, which has gone to Philadelphia or turned to Norfo k and Alexandria. It is estimated that of the 600,000 tushels Alexandria has shipped to Europe the past year, 400,000 would have come to Baltimore if proper Iscilities were furnished for its PROPERTIES. Sold by GEO. McBurney & This is a mistake, for Alexandria Son. is one of the best grain markets in the country, and those interested are beginning to find it out, and send their grain here for sale.

Society Notes .- The Washington Sanday Herald says: "Miss Flora Markward, is speeding the summer with friends in Londonn counly, Va .- Mrs. J. A. Milburn, with her children, are at present stopping at Pincy Point, Md .- Miss Carrie Morgao, daughter of District Commissioner Thomas P. Morgan, is visinng friends at Wicchester, Va .- Miss Agnes A. VIRGINIA BONDS. - J. A. Hamilton & Co.' Baltimore financial circular of Saturday says "Virginia bonds were quite setive, and were at first favorably effected when it was someone ed that the republican party had nominated a straightcut ticket, but the good effect was lost when it was known that the gentlemen a leated had refused to serve. Consols a.11 from 81 up to 824, and back to 82. Ten Forces were ste dy at about 511. Poolers, on the proposition to equalize all bonds, advanced from 40% to 41 and again declined to 424. Coupons were strong with sales at 921, and Virginia Deforred heavy at 15% to 16. We must confess that the future of Virginia bonds, especially of Consols, is not choouraging. Consols now hear interest at the rate of 6 p r cent. The hear that is now proposed for them is a 3 per cent. bend. Except tember 26th, at her residence, 204 Prince etc. ducted many parties to include in trips down encouraging. Consols now bear interes: at the that Consols are very strongly held and are still being purchased for foreign account, thay would ucquestionably decline. The State of ST. Virginia is not only able to pay the interest on her bonds, but is fact does now in the receipt of coupons for taxes, pay every coupon on Con sols and 10 40's as they mature. Pecler Conpone sold at 211 up to 26, and back to 23 "

R. H. Maury & Co.'s Richmond circular of

he same date says: "Consols and Ten Forties have been week and neglected of late, and both have sold down to lower prices than for many months, the uners, however, were quite active and rapidly advanced upon considerable sales from 39 to 45. There was then a slight relapse to 423, at about which figure they closed. There were also large dealings and handsome advances in Peeler Cou pons, which, starting at about 18 to 19, ran up to 26 in two days. ladeed, the transactions in these securities and their marked rise was about the only feature of interest in our market daring the weck."

TO BE THE THE CONTROL OF THE CONTROL

The undersigned PIONEER in the manufacture of FESTILIZES in this city, and OEIF is NATOR in 1858 of the formulas and processes of manufacture of

Excelsior & Ammoniated Phosphate

So well and favorably known by the agricultural public, reising upon his experience and resonal reputation hitherto acquired in the uniform accellence of these FER TILIZERS as manufactured by him, continues to offer them to the farmers and planters of Maryland and Virginia, with the assurance that the High Standard Quality of each will be maintained as heretofore.

The above are the most concentrated FERTILIZERS over offered to the farmer, combining

all the stimulating qualities of Peruvian Guano and the ever durable fertilizing proporties of bones in fine, dry powder, prepared expressly for drilling.

For growing wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years' experience in the use of these Fertilizers manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other fertilizer or guano, therefore fully 50 per cent change.

fully 50 per cent cheaper.

With my present advantages and superior facilities for manufacturing. I challenge competition with any fertilizer sold in the United States, in quality, machanical condition and price.

By strictly adhering to my original formulas, using only the most concentrated in iterials and superintending in person their manufacture, as for the past twenty three years,

UNIFORM QUALITY IS GUARANTEED.

Farmers, to secure the ONLY GENUINE EXCEUSIOE and PHOSPHATE prepared seconding to my original formulas established in 1858, should see that every bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.
